

CentriLogic Secures Strategic Equity Investment from TriSpan Opportunities Fund and Long Point Capital

Investment to accelerate growth strategy for managed IT solutions firm

CentriLogic, a global provider of managed IT solutions, announced today it has secured a significant equity investment from TriSpan Opportunities Fund and Long Point Capital. The investment will be used to support CentriLogic's strategy of delivering end-to-end managed hosting, private network, and application management solutions to mid and large-sized enterprises globally. Financial terms of the investment were not disclosed.

"We are experiencing increased demand from IT decision makers who are looking for full-stack application management and infrastructure solutions. We continue to push aggressively into the application layer to drive the best possible outcomes for our clients," says Robert Offley, President and CEO of CentriLogic. "We have developed a comprehensive platform of solutions designed to fulfill this demand, and this investment will better position us to accelerate our growth and enable us to achieve continued success in the global managed IT solutions market."

CentriLogic was founded in 2007 and has a proven track record of delivering to clients adaptable and dependable IT solutions that support their unique application and workload requirements. The company has consistently been recognized in PROFIT magazine's annual list of Canada's Fastest-Growing Companies, and was recently named a "Major Player" in IDC's MarketScape Report on Canadian Infrastructure as a Service Providers.

"CentriLogic is well-positioned for long-term growth given its breadth of services and solutions, its strong leadership team, and impressive roster of existing clients" says Elan Schultz, Founding Partner of TriSpan. Eric Von Stroh, Managing Director of Long Point, adds, "We are excited to partner with the CentriLogic team to enable them to continue to enhance the service offering both organically and through acquisitions."

About CentriLogic
