

The UK's leading medical skincare group, sk:n, continues to grow portfolio of brands with latest acquisition of The Adonia Medical Group

The sk:n group has announced their latest acquisition, welcoming The Adonia Medical Group, the parent company for Courthouse Clinics, to their growing portfolio of brands.

Courthouse Clinics offers a wide range of anti-ageing aesthetic and wellbeing treatments, within a welcoming and professional environment. With 11 locations across the UK, in Birmingham, Brentwood, Esher, Haywards Heath, Hereford, London, Maidenhead, Sheffield, Southampton, Watford and Wilmslow, the acquisition will further the group's credentials as the largest independent aesthetic clinic network in the UK; over 90 clinics nationwide.

In February 2019, private equity firm, TriSpan announced that it had successfully concluded the acquisition of sk:n from Graphite Capital via the TriSpan Opportunities Fund. Following this, in May 2019, the sk:n group announced the acquisition of Destination Skin, a leading chain of 16 aesthetic skincare clinics, and in July 2019, yet another transaction was announced as the group acquired the 7 Skin Health Spa and Flint+Flint Clinics. The group closed 2019 with the acquisition of The Harley Medical Group in December which added a further 19 clinics to the portfolio.

Darren Grassby, CEO at sk:n comments, *"This is another great addition to our portfolio which will allow us to reach into new clinic locations while adding greater diversity to our Group. Our aim is to continue to grow and to develop whilst continuing to offer the same levels of service and support to all our clients and staff."*

"2020 will be a very exciting year for the group. We have great confidence in the future of the industry, and we look forward to giving our clients an enhanced experience in and out of clinic."

Paul Wilkinson, The Adonia Medical Group comments, *"The acquisition is a fantastic opportunity for The Adonia Medical Group to join forces with the largest independent aesthetics clinic network in the UK. It is an exciting opportunity for all our employees, and I look forward to working with the senior team to continue to develop our businesses."*

Following the acquisition, there will be no change to the majority of processes or structures. Clients will continue to enjoy the same treatments and professional service they have come to expect.
