

Trispan announces the First Close on Opportunities Fund II

London / New York, October 30, 2020 – TriSpan, a global Private Equity firm, is pleased to announce the first close of its TriSpan Opportunities II LP & TriSpan Opportunities II (US) LP (collectively “OF II” or the “Fund”) with “friends and family” investors.

OF II will follow in the path of its successful predecessor focusing on opportunities in the lower mid-market in the United States and Europe. The Fund will typically seek majority investments in proprietary buy and build opportunities alongside strong founders and management teams with a focus on multi-unit health care, business services or specialty manufacturing with limited use of leverage. The investment team of OF II provides its portfolio companies substantial operational and strategic support leveraging its large roster of operating partners who help management teams implement detailed value creation plans and drive synergies. They also work closely with our investment teams to source and execute often transformational add-on acquisitions allowing the Fund to deploy significant capital over time and offer substantial co-investment opportunities to its LPs on a formulaic basis.
