

TriSpan receives honourable mention in 2023 “Mergers and Acquisitions Best Places to Work in Private Equity”

Mergers and Acquisitions honours private equity firms who stand out amongst peers in demonstrating leadership and innovation in workplace cultures, policies, internal operations and have taken proactive measures to adapt to the changing demands of a post-pandemic world, as well as building environmental, social and governance (ESG), equity and inclusion (DEI) programs at their firms and portfolio companies.

TriSpan was one of seven firms to receive an honourable mention in the 2023 awards. The firms honoured include both new and longstanding private equity houses, founded between five and fifty years ago. The combination of traits that make them a place great to work range from an emphasis on professional development to lifestyle benefits, as well as sharing an ongoing commitment to ESG, diversity and inclusion.
