

PROSMILE DIVESTS SMARTARCHES™ BRAND INTO STANDALONE WORLD-CLASS DENTAL IMPLANT AND RECONSTRUCTION SERVICES COMPANY

SmartArches is a specialty dental support organization focused on delivering best-in-class patient dental implant care at more affordable price points, utilizing cutting edge technology and techniques

Toms River, NJ – September 29, 2023 – [ProSmile](#), a leading multi-specialty dental services organization (DSO) and the fastest growing dental organization on the east coast, announced today the sale of its new national brand, SmartArches™ Dental Implants (“SmartArches”) to funds affiliated with TriSpan LLP. SmartArches locations are specialty dental offices offering patients a full array of affordable yet state of the art dental implant services, including implants and full mouth reconstruction. SmartArches currently serves patients at eight locations in Florida, Maryland, Pennsylvania, New York and New Jersey, with further plans to expand in 2023 and 2024.

“We are energized by the success of SmartArches over the last year,” said Hugh Carey II, CEO of ProSmile. “Through ProSmile’s strong support services, SmartArches is now ready to stand on its own. With this recapitalization, SmartArches will help support more dentists and patients as it expands to make implants and full mouth reconstructions accessible to more people than ever before.”

“SmartArches’ mission is here to stay: to help as many patients get their smiles back, and live their best lives, as possible,” said Dr. Simon Oh, Co-Founder and Chief Dental Officer of SmartArches. “At SmartArches we help with dentists by supporting them clinically and administratively, so the clinical teams can serve their patients with the highest of standards of care. With our cutting-edge technology and techniques, even patients with little to no bone can still get full mouth implants at all SmartArches locations. We look forward to on-boarding more doctor-partners as we expand with the financial backing of TriSpan.”

“We are delighted to continue supporting SmartArches’ growth as a standalone company,” said TriSpan partner Baudoin Lorans. “We have seen the SmartArches concept develop from a single location to eight and soon nine in the last three years, with tremendous patient acceptance and support for the company’s approach to implant and full mouth reconstruction surgeries. We look forward to helping it achieve its full potential in the coming years.”

In addition to offering world-class services to patients, SmartArches is committed to making an impact in its communities through its “AngelArches” program helping give free dentistry away to those who need it most.
